Our team is comprised of 40 full-time employees with various backgrounds including interior design, graphic design, art history, catering, business, and event planning - just to name a few. Our headquarters, located in Minnetonka at 10701 Red Circle Drive, houses our office, showroom, and primary warehouse with additional warehouses strategically positioned throughout the metro.

What Sets Festivities Apart

While there are companies that offer services similar to Festivities, we are unique in the level of customer service we provide. We truly value our clients as partners and not simply their vendor. We pride ourselves on creating beautiful and successful events that are unique and original; whether they are with a one-time special event such as a wedding, a recurring corporate gala, or a venue that we partner with for each event.

Love Notes

“Festivities was one of the best choices I made for my wedding! I was very unsure of what I wanted for floral going into the meeting and they were amazing at guiding to me to the perfect look. They were knowledgeable in floral, decor and even super familiar with my venue. Which made it stress free. When the flowers arrive on my wedding day I was blown away. Everything was beyond my expectations and truly beautiful!”

2018 BRIDE

“AMAZING! Festivities did such a phenomenal job at making my sometimes ridiculous requests a reality at our wedding! The head table alone would sell anyone on their services - it was a dream! They were able to pull something off that many florists told me could not be done. Their attention to detail, eye for design and quick responses were so appreciated by my husband and I. They are so good at working with a budget and still making your dream event happen - without any hiccups. We loved the flowers at our wedding and would HIGHLY recommend them to anyone!”

“This vendor was a homerun! We worked with Audra who was EXCEPTIONAL to work with! She was prompt with her responses, very creative with her ideas, but also made sure to stick to any budgets, likes or dislikes, etc. that we had. We used Festivities for floral and decor and it was the best decision we made having those two items come from the same vendor. I highly recommend it!”
